

The new generation
Solus
for straight stairs.

Take a fresh
look at stairlifts.
We have.

A brand new model. An exciting new look.

Our stunning new Solus stairlift for straight stairs reveals our refreshingly modern approach to design.

So now you can transform your home into one-level living in absolute style.

Solus stairlift upholstered in Cocoa leather.

Solus stairlift for straight stairs.
Upholstered in Slate leather.

Developed hand in hand with one of Europe's leading product design consultancies, the Solus is one of two, new generation stairlifts that are as stylish as they are practical.

**Design inspiration.
Product innovation.**

With its clean, contemporary lines and minimalist looks, the

striking new Stannah Solus makes a real style statement. Upholstered in sleek leather or a super-soft fabric, it comes in a range of cool, neutral colours.

**Great performance.
Great service.**

Not only is the Solus incredibly good looking, it's wonderfully easy to use, with a host of innovative

features like our unique tiller-style control and one-step folding action. It also comes with a full guarantee as well as 24-hour local backup, 365 days a year from our nationwide network of service centres. Add a free first service, and you've everything you'd expect and more from the makers and installers of the world's best-selling stairlifts.

New levels of
comfort.

Solus stairlift upholstered in Cocoa leather.

- Individually adjustable armrests and seat-to-footrest height
- Comfortably padded, supportive back
- Unique new seat-load sensor ensures your stairlift can't move until you're safely seated
- Battery powered for quiet operation and a gentle start/stop
- Battery continually recharges so your stairlift is always ready for use, even in a power cut

Personally tailoring your stairlift to your physique.

With its generously wide seat and tailored-to-you features, our new Solus stairlift is one of our most comfy yet. So much so in fact, you might just find yourself wishing your other chairs were as relaxing.

Beautifully upholstered in soft, supple leather or smart woven fabric, the new Solus stairlift even has soft-touch arm tops and a carpeted footrest for true, top-to-toe indulgence.

Tailored to suit you.

Because we all come in different shapes and sizes, we've made sure that the Solus can be

individually tailored to suit you. So not only can we adjust the stairlift arms to the length of yours, we can change the seat height to suit you too.

Relax, we've taken care of everything.

When you come to take a seat on your stairlift, our unique new seat-load sensor means it won't

move off until you're seated safely. Once you're ready to go, the start - like the stop - is extremely gentle and the movement wonderfully smooth, thanks to the battery-powered operation. And because the battery constantly recharges at the top and bottom of the stairs, your stairlift is always ready for use, even in a power cut.

A middle-aged man with grey hair is smiling while sitting on a modern, light-colored exercise machine. He is wearing a light grey zip-up sweater over a red collared shirt and blue jeans. The machine has a white seat and a grey strap across his lap. The background is split: the left side is a solid light blue, and the right side shows a brick wall and a glass table with a silver teapot and cups. The overall aesthetic is clean and modern.

New
and easier
to use than
ever before.

1

1 When you're not using your stairlift it can be folded flat against the wall, so it's neat and tidy and not in the way of others wanting to use the stairs. And if you want to keep it safe from children, you can lock it by removing the key cap.

2

2 Unfolding your stairlift couldn't be simpler thanks to our unique easy one-step folding action. Just lower the stairlift arm, and the seat and footrest simultaneously unfold, so there's no awkward bending down or fiddling about.

3

3 Once unfolded, simply take a seat on your stairlift. Before setting off, you can always pull out and fasten the easy-to-use retractable lap belt for extra security. Our special seat-load sensor means your stairlift won't move until you're safely seated.

4

4 A gentle nudge of the ergonomically designed tiller-style control is all it takes to make your stairlift glide smoothly up or down stairs. And because the stairlift battery continually recharges, the Solus is always ready for use, even in a power cut.

5

At the top of the stairs, simply lift up the light-touch lever at the side of the chair to make your stairlift swivel round to face the landing. Once in its swivelled position, you can get off in complete safety with the stairlift effectively blocking the stairwell.

6

At the top of the stairs, just like at the bottom, your stairlift can be folded neatly flat. Or, if you prefer, you can leave it unfolded so that it acts as an effective safety barrier.

ERGONOMICALLY DESIGNED CHAIR ■

with supportive back.
Generously wide, comfortable seat.

UNIQUE TILLER-STYLE CONTROL ■

operated with just a light touch,
perfect for less nimble fingers. Can
be mounted on either arm. Key cap
at end, useful for immobilising the
stairlift when children are around.

UNIQUE ADJUSTABLE ARMS ■

mean your stairlift can be fitted
to suit your arms' length.
Comfortable soft-touch arm tops.

REMOVABLE LINK BARS ■

for easy wheelchair transfer.

UNIQUE SEAT-LOAD SENSOR ■

ensures your stairlift can't move off
until you're safely seated.

ADJUSTABLE SEAT HEIGHT ■

for personal comfort and as an aid
to getting on and off.

SAFETY EDGES ■

with five 'safety sensors' ensure the
stairlift stops immediately if it meets
an obstruction on your stairs.

■ UPHOLSTERY

available in soft woven fabrics or in
luxurious leather, all in a range of
contemporary shades
to match your décor
(Cocoa colour leather featured.)

■ UNIQUE EASY ONE-STEP FOLDING

means there's no need to bend down
to fold your stairlift away - a vital
safety consideration especially at the
top of the stairs. Just flip up the
armrest, and the seat and footrest
simultaneously fold up flat.

■ UNIQUE RETRACTABLE LAP BELT

for easy optional use.

■ SEAT SWIVEL

enables you to get off in the safest,
most convenient position at the top
of the stairs.

■ MANUAL SWIVEL LEVERS

lift up to avoid accidental swivelling.

Solus.

The ultra-modern new Stannah.

**Nationwide local backup, 24-hours,
365 days a year, and a full guarantee.**

Our locally based service engineers are on constant standby, so in the unlikely event that you do need assistance, we can get to you fast. And because our nationwide network is the biggest in the country, expert help is close at hand.

Add a 12-month guarantee from the date of installation - extendible for all parts providing your stairlift is regularly serviced by us - along with a first free service, and you've total peace of mind.

0800 715 358 (24 hours)

Proven design at its best.

SAFETY EDGES

with five 'safety sensors' that stop your stairlift immediately if it meets an obstruction on your stairs.

SLIM, STRONG RAIL

in bronze or silver to blend in with your décor. Fitted to the stair treads not to the wall so installation is quick and clean.

UNIQUE RETRACTABLE EASY-TO-USE LAP BELT

for optional use.

REMOTE CONTROLS

to call the stairlift to you or to send it to someone at the other end of the staircase.
