

Savaria™ Eclipse Home Elevator

LUXURY AND CONVENIENCE CUSTOMIZED FOR YOU

 savaria™

ABOUT SAVARIA

In business for over 30 years, Savaria designs, engineers and manufactures products to help people gain personal mobility. We produce elevators – from basic to luxurious – for homes and select commercial applications. We also make a complete range of accessibility lifts for residential use and demanding commercial environments.

All of our products are made with the goal of helping people move – whether it's to improve mobility issues or to simply make life easier. By listening to each customer's unique needs, we're able to provide individualized solutions – whether it is for health reasons or just personal preferences.

Savaria is the company that brings personal mobility solutions to your life: in the home, in a vehicle and in public spaces.

Authorized Savaria dealers are carefully selected for their knowledge and experience, kept up-to-date with the latest technical and training sessions, and supported with our expert customer service.

Your local Savaria dealer can help customize your Eclipse elevator to your specific needs. To locate a Savaria dealer near you, please call us, or visit our web site, www.savaria.com

The Savaria™ Eclipse home elevator delivers luxury and convenience, with less space needed than traditional elevator designs. Requiring no machine room and minimal overhead drive space, the Eclipse elevator can be installed in new or existing homes. Using a modular rail system, the Eclipse design installs quickly and seamlessly.

With a smooth and stable ride, your Eclipse elevator can provide up to 6 stops over 50' (12.24 m)* of travel. You can configure your elevator for two openings to accommodate landings in your home, including a 90° exit.

Your Savaria Eclipse elevator is built with care using reliable components to provide you with dependable performance. A service panel can be conveniently located inside or outside the elevator shaft for ease of maintenance.

Whether you need an elevator for mobility issues, or you are just looking for the ultimate home convenience, a Savaria elevator eliminates the barrier of stairs, making it easier for everyone to enjoy your home.

**The Eclipse can be customized to 60' of travel in some jurisdictions, ask your Savaria dealer for details.*

CUSTOMIZING YOUR SOLUTION

Your home environment is a reflection of your personal style. Rest assured that with the Savaria Eclipse, you can customize your elevator in the same way you customized your home. From construction configuration to accessories, you can create the perfect solution suited to your practical needs and to your design sense.

Choose from a range of interior cab styles and sizes for traditional or modern homes and everything in between. Select your finishes to complement and complete your solution. You will be able to create your own personal elevator from our wide selection of options, or even order your Eclipse to be finished on site by your own contractor.

CAB INTERIOR

The Eclipse elevator comes standard with melamine walls. Upgrade your Eclipse from our selection of solid hardwood finishes or wood veneers.
