

Starla

For Stairs That Turn

Stannah

The Stairlift People

The Model 260 with Starla chair is our premium stairlift for stairs that turn. With a high, rounded back and gently tilted seat, the Starla is the most comfortable stairlift we've ever made. A button on the armrest folds the footrest up and down, making it easy to get in and out of the seat.

Choose from five upholstery colors, which are also available trimmed with light- or dark wood. We'll design your stairlift to make the best use of the space available, and custom-make the rail to hug the side of your stairs. Installation typically takes less than half-a-day, after which you'll be able to enjoy the full use of your home in comfort and safety.

Designed to blend into your home, the Stannah 260 with Starla chair comes in many upholstery choices and is custom-made to hug your stairs.

Tight turns and narrow stairs are no problem, and the Stannah 260 can be parked neatly out of the way.

With sensible safety features, the Starla chair is a practical way to enhance your peace-of-mind.

When swiveled to face the top landing, the Starla chair forms a barrier across the top of the stairs.

Starla 260 Key Features

Comfortable and safe

The generously padded seat has a high back for comfort, and the seat tilts back slightly for added security.

Plain or wood-trimmed upholstery

Choose fabric or vinyl upholstery, and add dark or light wood trim (see below).

Easy-to-use controls

The slimline control allows you to use any part of your hand to operate the stairlift.

Swivel levers

Use the levers, or optional one or two-way powered swivel, to get off your stairlift in the safest position at the top or bottom of your stairs.

Seat sensor

Prevents the stairlift from moving until you are securely seated.

Safety sensors

Stop the stairlift if it meets an obstruction.

Powered footrest

Folds the footrest up or down. This makes it easier to get in and out of the chair, and avoids the need to bend when folding the footrest.

On/Off switch

Arm isolation

Prevents the control on the chair from working until the downside-armrest is lowered, for security.

Seat belt

The retractable seat belt fastens and unfastens with one hand, and is placed within easy reach on the armrest.

Easy folding

Armrest, seat and footrest fold neatly away.

Key Lock

A key lock prevents unauthorized use.

Rated load

One person, 300lbs

Model shown:
Starla chair with Stone woven upholstery.

Additional Upholstery Colors

Brown (vinyl)

Beige (vinyl)

Red (woven)

Green (woven)

All colors are available with dark- or light-wood trim
